

HEAT PUMP SIZING REQUEST FORM

Contact Name* Title*

Contact Email*

Company Name*

Contact Phone*

Complete Street Address*

Job Name / ID* (For reference)

City State • Province • Region

Register Job?* Yes No

ZIP • Postal Code Country

* Denotes Required Field

Technical Specifications

Building Type*

Heated Water Storage*:
Pre-determined Please Provide Analysis N/A

Unit Type*: Air Source Water Source TBD

Storage Water Temperature (°F)

Application*

Existing storage size (If present)

Unit Location*: Indoor Outdoor TBD

Is there a maximum allowable storage size?* Yes No

Peak Demand*

If yes, what is it?

Peak Demand Duration* (Number of hours in a 12 hour period)

Usable Storage Capacity (80% will be assumed unless otherwise specified.)

Off-Peak Demand*

Please describe if and/or how storage will be utilized and any constraints.*

Off-Peak Demand Duration* (Number of hours in a 12 hour period)

Peak Demand Unit*: BTU/hr GPM GPH

Integration with a building management system?* Yes No TBD

Ambient Air / Source Water Temperature (°F)*

If yes, what is the protocol?

Entering Heated Water Temperature (°F)*

Please provide photos of existing system by attaching them to the email that will be created when you send this form.

Helpful photos include: existing water heater nameplate, existing tank nameplate, tank water connection locations, etc.

Any additional notes:
